

	Lay-ups: Step, jump with left leg, shoot with right hand. Vice versa for left hand. Focus on top corner of back-board square. Start on block, no dribble then one dribble, then 2 dribble lay-ups.
	Footwork: Triple Threat (dribble, pass, shoot). Catch, Pivot to the basket, both feet without traveling, balance, Jump Stops, squaring to the basket by pivoting, then pivot 360 degrees properly as a drill. Pass, jump stop, pivot, pass.
	Shooting: Teach them proper form but allow them to dip elbows for a stronger shot. Fingertips, point index finger at back-of-rim, jump, plenty of arc, and follow through.
	Ball Handling: Practice dribbling with both left and right hands. Work stationary drills. Start with ball wrapping drills, around the head, waist, and legs, one leg wraps, figure 8's. Focus on fingertips and proper execution. After stationary, have them dribble and move, eyes up, allow mistakes and always encourage
	Basic Passes: Focus on chest, bounce and overhead passes. Elbows out, step and push the ball, finishing thumbs down. Receivers with hands out.
	Play plenty of 2 on 2 and 3 on 3 games Scrimmage every practice if possible. Use your previous skills and drills to transfer into scrimmage. Reward when you see players practice drills into scrimmage.
	Offense: As they progress, you can start to introduce them to motion Offense. Practice dribbling with both left and right hands. Work stationary drills. Start with ball wrapping drills, around the head, waist, and legs, one leg wraps, figure 8's. Focus on fingertips and proper execution. After stationary, have them dribble and move, eyes up, allow mistakes and always encourage.
	Basic Cuts & How To Get Open: If time permits, you can introduce the basket cut and straight cut. I would suggest that you just work these cuts into your shoot drills. This will save loads of time. I can help with those breakdown drills. Teach V cuts to get open.

*Let your players know the boundaries and consequences of actions. Follow through so they know what is expected. You will be pushed. That's normal. Communicate clearly.
